

# SNOWFLAKE ADDING MAZE 1C: TARGET 15

- Start the maze with zero.
- Add on the number on each snowflake as you go.
- You have to get to the finish with a total of 15.
- You must follow one of the arrows each time.

START

Write down the numbers in the route here:

$$\underline{\quad} + \underline{\quad} + \underline{\quad} = 15$$

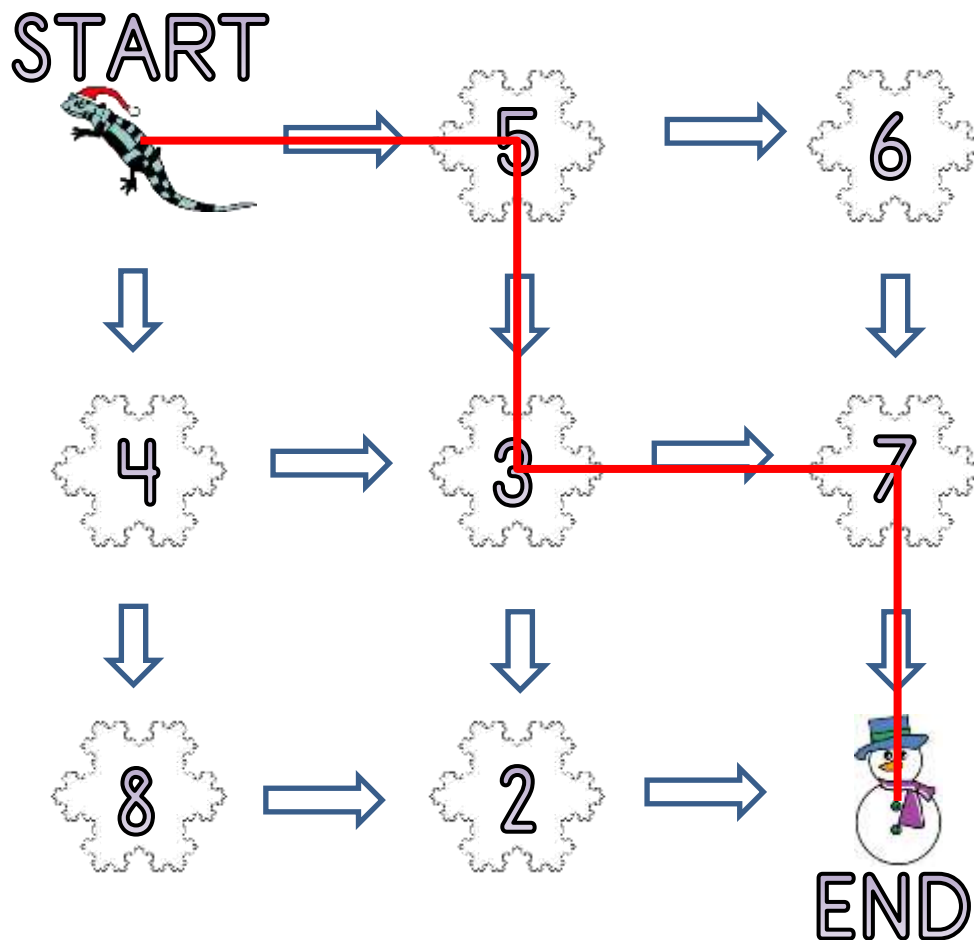

## Extra Challenge

Find the route with the **highest** total.  $\underline{\quad} + \underline{\quad} + \underline{\quad} = \underline{\quad}$

# SNOWFLAKE ADDING MAZE 1C: ANSWERS

- Start the maze with zero.
- Add on the number on each snowflake as you go.
- You have to get to the finish with a total of 15.
- You must follow one of the arrows each time.

Write down the numbers in the route here:

$$\underline{5} + \underline{3} + \underline{7} = 15$$

## Extra Challenge

Find the route with the **highest** total.  $\underline{5} + \underline{6} + \underline{7} = \underline{18}$
