THE TWO CHESTS 2

There are 5 bags of coins with 10, 20, 30, 40 and 50 gold coins in.

Put the bags of coins into the two chests so that the big chest has twice as many coins as the smaller chest.

You cannot open the bags and take the coins out!

There are 3 different ways to do it.
How many can you find?

SMALLER CHEST	LARGER CHEST
