A-MAZING PUZZLE 3

Flame Salamander is stuck in a maze. She has to find her way from the start to the finish. She is allowed to go **up**, **right** or **left** each turn.

She is not allowed to walk over the same square more than once.

She could go up, up, right, up, right, right to get out.

What other ways could she get out?

There are 6 possibilities - how many can you find?
