CORRECT THE TIME TO 5 MINUTES SHEET 2

Each of the clocks is 20 minutes fast. Draw the correct times on each of the clocks. The first one is done for you.

The image shows a 5x2 grid of analog clocks. Each clock is 20 minutes fast. The first clock in the top-left row has its hands corrected to 1:55. Blue arrows point from the first clock to the second in each row, and from the second to the third in each row. The second and third clocks in each row are blank for correction.

CORRECT THE TIME TO 5 MINUTES SHEET 2 ANSWERS

Each of the clocks is 20 minutes fast.

The image shows a grid of 20 clock faces arranged in two columns of five rows. Each row contains two clocks connected by a blue arrow pointing from left to right. The left clock in each pair shows a time that is 20 minutes fast. The right clock shows the correct time, with red arrows indicating the movement of the hands from the fast time to the correct time. The correct times are: 1:50, 2:50, 3:50, 4:50, and 5:50.
