HOW MUCH MONEY CHALLENGE 3C

Tyger, Captain and Frazer have 3 quarters, 3 dimes and 3 pennies which they share between them.

Each of them ends up with 3 coins but not the same amount of money.

Frazer ends up with 15 cents less than Tyger.

Tyger ends up with 15 cents less than Captain.

Captain ends up with the most money.

Can you work out how much each of them got, and which coins they ended up with?
