

ROW OF COINS CHALLENGES 5 B

Use the same coins (above) for both challenges.

CHALLENGE A

Put the coins above in a row so that:

- the total of the first 4 coins is \$1.35.
- the total of the middle 3 coins is \$1.60.
- the middle coin has the same value as the last coin.
- The lowest value coin is not the first one.

CHALLENGE B

Put the coins above in a row so that:

- The first coin is worth ten times more than the last coin.
- The middle 3 coins are worth 65c.
- The total of the last 4 coins is \$1.35.
- The middle coin is worth half the value of the 2nd coin.
