

ROW OF COINS CHALLENGES 4:1

Use the same coins (above) for both challenges.

CHALLENGE A

Put the coins above in a row so that:

- the total of the first 3 coins is £1.30.
- the total of the last 3 coins is 65p.
- the highest value coin is not the first coin in the row.
- the total of the middle two coins is 15p.
- the last coin is worth half the value of the first coin.

CHALLENGE B

Put the coins above in a row so that:

- There are two coins in between the two 10p coins.
- The last coin is worth twice as much as the first coin.
- The middle two coins are worth 25p.
- The total of the first 3 coins is 65p.
