

SNOWFLAKE ADDING MAZE 1B: TARGET 12

- Start the maze with zero.
- Add on the number on each snowflake as you go.
- You have to get to the finish with a total of 12.
- You must follow one of the arrows each time.

START

Write down the numbers in the route here:

$$\underline{\quad} + \underline{\quad} + \underline{\quad} = 12$$

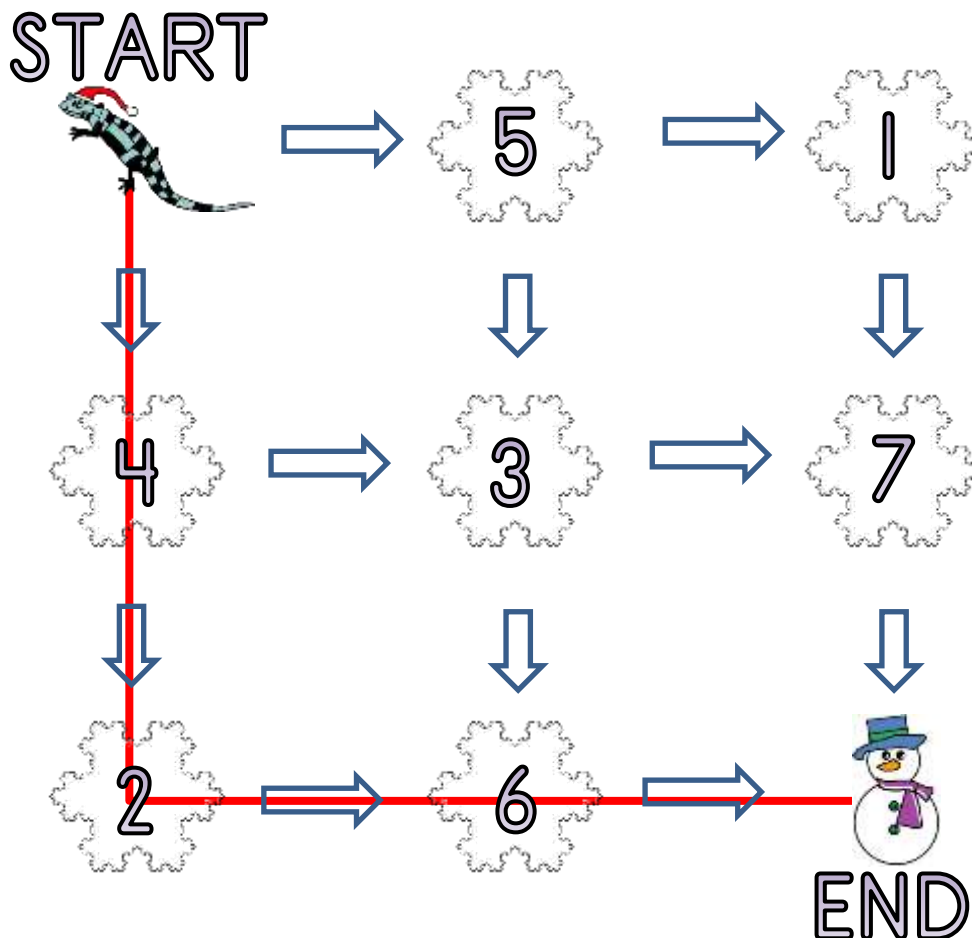

Extra Challenge

Find the route with the **highest** total. $\underline{\quad} + \underline{\quad} + \underline{\quad} = \underline{\quad}$

SNOWFLAKE ADDING MAZE 1B: ANSWERS

- Start the maze with zero.
- Add on the number on each snowflake as you go.
- You have to get to the finish with a total of 12.
- You must follow one of the arrows each time.

Write down the numbers in the route here:

$$\underline{4} + \underline{2} + \underline{6} = 12$$

Extra Challenge

Find the route with the **highest** total. $\underline{5} + \underline{3} + \underline{7} = \underline{15}$
